### Report of School Board.

In presenting our annual report of the schools of Rumney for the year ending February 15, 1914, it must necessarily be about the same as the preceding year. We have maintained six schools of thirty-four weeks each. With two exceptions we have employed the same teachers as last year. Our resident teachers are so well known to you all that it seems needless to say that their schools were up to the standard as in former years. The new school house was completed in season for the winter term and was enjoyed by teachers and pupils. The school buildings are now in very good condition. A new wire fence has been placed around the yard at the Quincy school, and minor repairs made on the buildings. It was necessary to expend quite a sum on the furnace and house in the Depot district, but both are now in good condition.

We have, as usual, visited the Bethesda Home school and find it still under the able instruction of Miss Harris. Since last year they have instituted classes in manual training, vocal music and sewing. We found everything satisfactory. We have, as in former years, given roll of honor badges for perfect attendance each term and year.

We make the following recommendations as to appropriations for the coming year: For high school tuition, \$500. For text books and supplies, \$300. Maintenance of flags, \$15.

We are unable to report for the Quincy school for the fall and winter term, in full, as the register was lost at the time the mail bag was destroyed.

In closing, we wish to thank parents, teachers and pupils for the many courtesies shown us during the past year.

Respectfully submitted,

JULIA S. ABBOTT,	) School Board.
